10. Booth Design Guidelines

The Exhibitor is responsible for booth equipment and decoration. The AC Show operates from the IAEE Guidelines. The overriding principle for the design of all exhibition booths is transparency. All open sides of the booth must be freely accessible. This means that at least 50% of the respective gangway side must not be obstructed by structures or fittings. Standard booth height is 8 feet. The backs of booth partition walls, advertising carriers or other design elements facing neighboring booths and exceeding a height of 8 ft must be of neutral design and clean, and must not contain any text or graphics.

If a rental booth is not purchased by Exhibitor, a fascia must be fitted on all open sides of the exhibition booth. The fascia is not required, if the necessary booth appearance is provided in some other way. The Organizer reserves the right to give further instructions concerning the design of booths. All other booth partition walls, floors, hall walls, pillars, installations, fire-fighting equipment and other permanent hall fixtures must not be pasted over, nailed, painted or damaged in any way. The Exhibitor is liable for damage done and will be charged with the costs. Pillars, installations and fire-fighting equipment within the booth are part of the allotted exhibit space and must be accessible at all times. Exhibitor agrees to comply with these conditions. Non-compliance may result in claims for damages by the Organizer or the neighboring exhibitors affected.

Exhibitor agrees to and shall further adhere to the Special rules and regulations by the Indiana Convention Center and General Contractor, which can be found in the Indiana Convention Center & Lucas Oil Stadium Facility Guide (hereinafter referred to as Facility Guide in which a copy can be found [here](#)).

11. Exhibition and Approved Goods

Admissible as exhibitors are manufacturers, distributors, wholesalers, importers, representatives and publishers, domestic and foreign, offering only those products and services that can be assigned to the list of products or services provided. All exhibition goods must be described in detail in the application. Exhibition goods or services that violate intellectual property rights will not be admitted.

12. Exclusion of Exhibits

The Organizer is entitled to demand the removal of items which have not been listed in the application form or prove to be dangerous, a cause of annoyance or otherwise unsuitable, or which can be proved to be a violation of intellectual property rights. If this demand is not complied with, such items will be removed by the Organizer at the expense of the Exhibitor. If a violation of intellectual property rights by a third party is proven (e.g., on the grounds of a valid court ruling against the Exhibitor), the Organizer may further exclude the Exhibitor from participating in a subsequent event.

13. Advertising

Advertising of all kinds is allowed only within the exhibit space rented by the Exhibitor for his own firm and only for products and/or services produced or distributed by him, insofar as these have been listed in the application form and admitted. The use of equipment to achieve an increased advertising effect by optical and/or acoustic means requires the written consent of the Organizer.

Notwithstanding any other provision of these Terms, the maximum liability of Organizer to Exhibitor shall not exceed the lesser of (i) the amount paid by Exhibitor to Organizer or (ii) \$5,000 USD; recovery of such amount shall be the Exhibitor's sole and exclusive legal remedy. Organizer shall not be liable to Exhibitor in any respect for any claims, losses, expenses, injuries, or damages arising out of or related to the American Coatings Show or Exhibitor's participation in the show due to any act or omission of Organizer, or its employees or agents, or any third person.
